

### **Lorence Hud, A&M SP-9004.**

Lorence Hud, a young man from Saskatchewan, plays 11 instruments on this album, as well as doing all the singing and writing. But what does it all prove?

But Hud, who does show promise, has a hit single called Sign of the Gypsy Queen. Listen carefully on the first verse: the resemblance to John Lennon is striking. And that's about the only truly interesting thing on the record.
